Cooper County Dust Control 2016 Signup Information

Cooper County is offering a Cooperative Dust Control Program in 2016. By Public Bid, The County has contracted with Scotwood Industries to make a one-time application of liquid magnesium chloride on various road sections in Cooper County. This treatment abates dust by attracting moisture from the atmosphere; however, **it does not totally eliminate the dust.** This program is applicable to County-maintained roadways only. Cooper County Road & Bridge personnel will prepare the roadbed and apply water prior to the application of magnesium chloride.

The cost to participants for 1/10th mile of treatment is \$712.77.

The minimum application length is 0.1 mile (528 ft.). This length must be contiguous, no splitting. Additional lengths can be added in 0.1 mile increments only.

**APPLICATIONS MUST BE DELIVERED TO THE COURTHOUSE
(COUNTY CLERK'S OFFICE) OR POSTMARKED NO LATER THAN
FRIDAY, APRIL 22, 2016. NO APPLICATIONS WILL BE ACCEPTED
BEYOND THIS DATE.**

If you sign up for dust control, your address must be clearly visible at your residence and you must mark your site clearly with flags or similar markers. Label the markers with the words "Dust Control", along with your last name. **The flags must be in place by May 10, 2016.** If the flags are not in place, Road & Bridge personnel will use their best judgment regarding placement of treatment.

If you are interested in participating, please fill out the attached application form. Please read and sign the acknowledgement at the bottom of the application. Return the application form **along with the amount due to:**

ATTN: Dust Control 2016
Cooper County Courthouse
200 Main St., Room 24
Boonville, MO 65233

Make checks payable to: Scotwood Industries.

COOPER COUNTY DUST CONTROL 2016

APPLICATION FORM

Print Name: _____

Address: _____

(Physical address of treatment location)

Mailing Address (if different from physical address):

Phone Contact #: _____

Please describe starting and ending point of application, relative to address (example: "start 260 ft. west of driveway, end 260 ft. east of driveway"). (NOTE: GPS coordinates ***must be provided if no address sign is visible*** at application location. Contact Commissioner Paul Davis 660-621-2107 if help needed determining GPS coordinates):

Application start point: _____ LAT: _____ LONG: _____

Application end point: _____ LAT: _____ LONG: _____

Total Length Requested: _____ mile (*0.1 mile increments only*)

Cost: Number of Lengths: _____ X \$712.77 each = \$ _____ (check must be enclosed)

Make checks payable to: Scotwood Industries.

APPLICATION DEADLINE IS **FRIDAY, APRIL 22, 2016!**

BY SIGNING BELOW, I DO HEREBY ACKNOWLEDGE AND AGREE TO THE FOLLOWING TERMS AND CONDITIONS (unsigned applications **will not** be accepted):

1. Cooper County does not guarantee the level of dust control effectiveness or longevity of the magnesium chloride treatment.
2. Cooper County is not responsible for dust control measures losing their effectiveness for any reason, including rain or road repair.
3. **Cooper County reserves the right to maintain the treated area as required for safety and rideability. The road will be rocked and/or graded as deemed necessary by the County.**
4. Cooper County does not guarantee when the treatment will be applied in your area. It is the intent of the county to have the treatment applied as soon as possible after May 10, 2016. However, this is a contracted item, and the county is dependent upon the contractor's schedule and the weather in application of this product. The county will not be responsible for delays in application of dust control treatment.
5. The county will not be held liable for damages to any private property (vegetation, etc.) adjacent to dust control treatment areas.
