Whereas, Cooper County (“County”) has been working in collaboration with CDC, HHS and local health and public safety agencies to monitor and plan for the containment and subsequent mitigation of COVID-19 through the formation of a Cooper County COVID-19 Leadership Group; and

Whereas, this threat of imminent disaster and emergency has the potential to cause significant adverse impacts upon the population throughout the County; and

Whereas, this threat of imminent disaster and emergency has already caused local impacts and will likely prompt additional local measures, including affected municipal governments to declare local disaster emergencies because of COVID-19; and

Whereas, this threat of imminent disaster and emergency situation throughout the County is of such magnitude and severity as to render essential the County’s supplementation of emergency resources and mutual aid to the County and municipal governments of this County and to require the activation of all applicable state, county and municipal emergency response plans; and

Whereas, Governor Michael L. Parson and CDC have issued guidelines during this pandemic, the Cooper County Commission urges your adherence to those guidelines.
